Chrome Head and Tail Light Generator

New in stock due to popular demand !

This is complete with everything needed and includes the front head light, and tail light. This light set up is simply astonishing and looks amazing on Schwinn Stingray bikes, road bikes, or balloon tire bikes. It fits about 99% of most bikes and is complete with wire, clamps, and the head light includes a high and low beam switch. The chrome suits this lighting kit beautifully and these lights increases your safety and presence to others around you.
